

Bridleway No.503 – Seymour Road to BW506 on Ludshott Common

This is a very short bridleway, no more than 50 metres in length.

It leaves Seymour Road at its sharp bend (Pic 1) and proceeds in a straight line to a T-junction with BW506 (Pic 2, reverse direction). There are no waymarks.

At its Seymour Road end, it is joined by a path which is an extension of Bramshott FP59 leading south-west to Headley BOAT 38.

Pic 1: Entrance from Seymour Road. (The path to the right leads to Bramshott FP59)

Pic 2: Junction with BW506 (reverse direction).
