

### **National Trust paths in Gentles Copse (From Gentles Lane to BOAT 38 and the Bramshott Parish boundary)**

The entrance to Gentles Copse is off Gentles Lane to the left of a 5-bar gate to a private property. (Pic 1)

There is a National Trust sign at the start of the path. (Pic 2)

The path follows the edge of the private property, turning slightly right at the end of the boundary fence. (Pic 3)

The track from here can be very muddy at times.

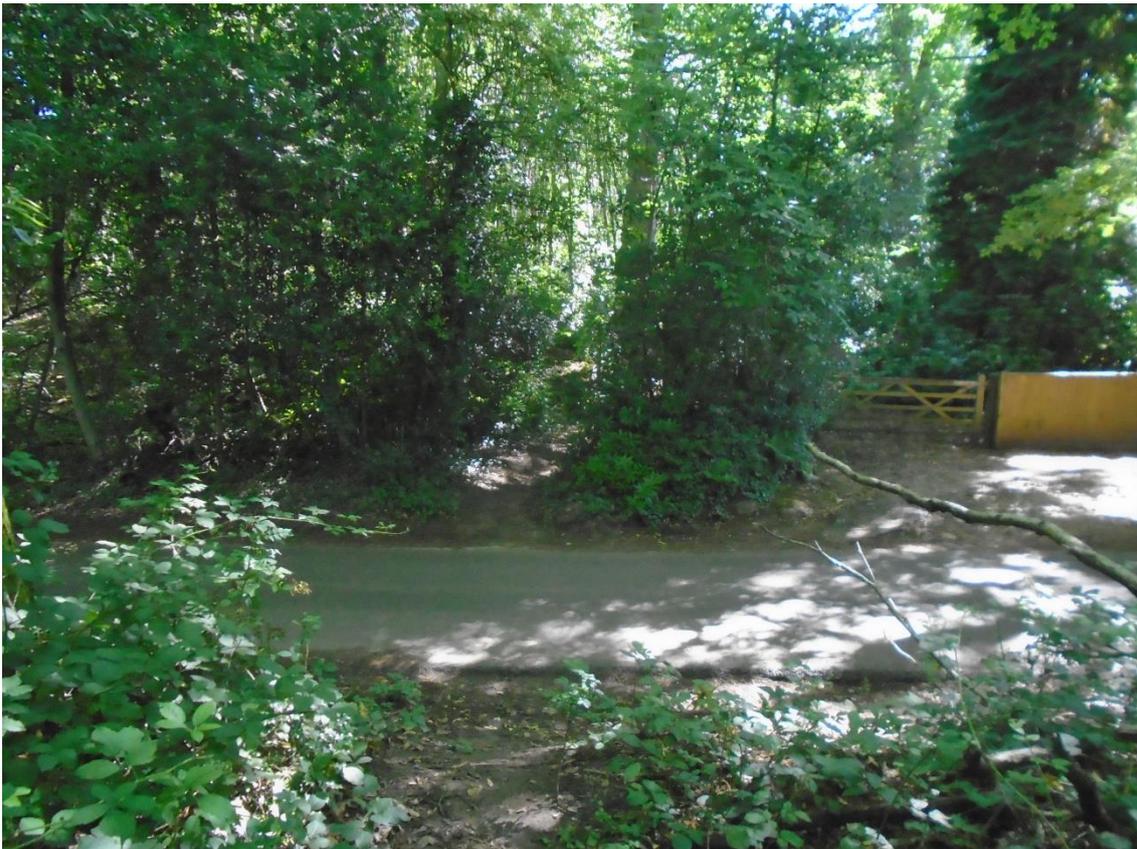

At a NT guide post with a horseshoe the bridleway bears right. (Pic 4)

To the left is a path which leads downhill to meet BOAT38 at its junction with Pond Road at a small NT car park. (Pic 5, reverse view).

Following the bridleway, the track curves left to follow the boundary of some fields, then sharply right through a gap in a bank. (Pic 6) This marks the boundary with Bramshott Parish.

**Note:** An undistinguished path leading straight ahead at the bend follows the Headley/Bramshott boundary bank which rises to an impressive height in places. (Pic 7)
